Professional Summary

Final-year B.Tech IT student with a strong foundation in OOPS, DBMS, and Operating Systems. Passionate about Web Development and seeking to apply strong technical problem-solving skills within a software engineering team.

Education

Dr. Akhilesh Das Gupta Institute of Professional Studies Shastri Park, New Delhi
B.Tech in Information Technology – CGPA: 7.14/10 2023 – 2027

Genius Convent Senior Secondary School Pataudi, Haryana
Class XII (CBSE) – 76% 2023

Genius Convent Senior Secondary School Pataudi, Haryana
Class X (CBSE) – 82% 2021

Projects

Scheduler - AI Powered Social Media Automation [Link](#) *MERN Stack, OpenAI API, Tailwind CSS*

- Integrated OpenAI API to build an AI-powered post generator that automatically creates engaging, context-aware social media marketing content.
- Implemented multi-account scheduling by leveraging the Zernio API to seamlessly connect, authenticate, and queue posts across various social networks via a single unified dashboard.
- Secured user data and sessions by implementing robust JWT (JSON Web Token) authentication and secure role-based user management systems.

Full Stack Project Management [Link](#) *PostgreSQL, Express.js, React.js, Node.js, Clerk, Inngeist*

- Developed a scalable multi-tenant project management platform enabling users to organize teams, assign tasks, and manage multiple distinct organizations.
- Integrated Clerk OAuth and webhooks to securely manage user authentication, automated tenant onboarding, and role-based access control.

Resume. - AI Resume Builder [Link](#) *MERN Stack, Tailwind CSS, Google Gemini AI*

- Integrated Google Gemini AI to dynamically analyze, improve, and optimize user resumes for industry-standard compliance.
- Implemented image handling with ImageKit to securely process, host, and render profile images.
- Configured authentication systems allowing seamless user sign-in and sign-up workflows, and distinct template creations.

Technical Skills

- **Programming Languages:** Java, Javascript, Python
- **Web Technologies:** React.js, Node.js, Express.js, Tailwind CSS, HTML, CSS
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git/GitHub
- **Core Subjects:** Data Structures, OOPS, DBMS, Operating Systems

Certifications

- Artificial Intelligence Fundamentals - IBM SkillsBuild [Certificate](#)
- Full Stack Development - Apna College

Virtual Experience Programs

JPMorgan Chase Co. — Software Engineering (Forage) [Certificate](#)

- Developed Kafka-based data streaming solutions and REST APIs.
- Optimized backend architecture and managed relational data using H2 Database.

Deloitte — Data Analytics (Forage) [Certificate](#)

- Performed data analysis to identify trends and generate business insights.
- Applied forensic analytics techniques to investigate datasets.
